Provide feedback

**EOSC welcomes the participation of service providers that will contribute to develop EOSC into a rich environment offering a wide range of services and resources for researchers.**

The EOSC will be Europe's virtual environment for all researchers to store, manage, analyse and re-use data for research, innovation and educational purposes. EOSC is intended to set off the ground by federating existing scientific data infrastructures and digital infrastructures for data exploitation that are now spread across disciplines and EU member states. This will make access to scientific data and other scientific outputs easier and more efficient.

**Why join as a provider?**

**Name (\*)**

Brief and descriptive name of the Resource as assigned by the Provider.

Suggested length is 80 characters

**Resource Organisation (\*)**

The name (or abbreviation) of the organisation that manages or delivers the resource, or that coordinates resource delivery in a federated scenario.

**Resource Providers**

The name(s) (or abbreviation(s)) of Provider(s) that manage or deliver the Resource in federated scenarios.

# Social Science and Humanities Resources in EOSC

## **DARIAH-Campus**

A discovery framework and hosting platform for arts and humanities learning resources.

Organisation: **DARIAH ERIC (Digital Research Infrastructure for the Arts and Humanities)**

[Access the resource](https://marketplace.eosc-portal.eu/services/dariah-campus)

<https://marketplace.eosc-portal.eu/services/dariah-campus>

## **CESSDA Data Catalogue**

The CESSDA Data Catalogue is a one-stop-shop for search and discovery of social science and humanities research data.

Organisation: **Consortium of European Social Science Data Archives ERIC**

[Access the resource](https://marketplace.eosc-portal.eu/services/cessda-data-catalogue)

<https://marketplace.eosc-portal.eu/services/cessda-data-catalogue>

## **Language Resource Switchboard**

A web application that suggests language analysis tools for specific data sets.

Organisation: **European Research Infrastructure for Language Resources and Technology**

[Access the resource](https://marketplace.eosc-portal.eu/services/language-resource-switchboard)

<https://marketplace.eosc-portal.eu/services/language-resource-switchboard>

# Shared SSH Resources in EOSC

Access the resource

## SSH Open Marketplace

Discover new and contextualised resources for your research in Social Sciences and Humanities: tools, services, training materials, workflows and datasets.

Organisation: **DARIAH ERIC (Digital Research Infrastructure for the Arts and Humanities)**

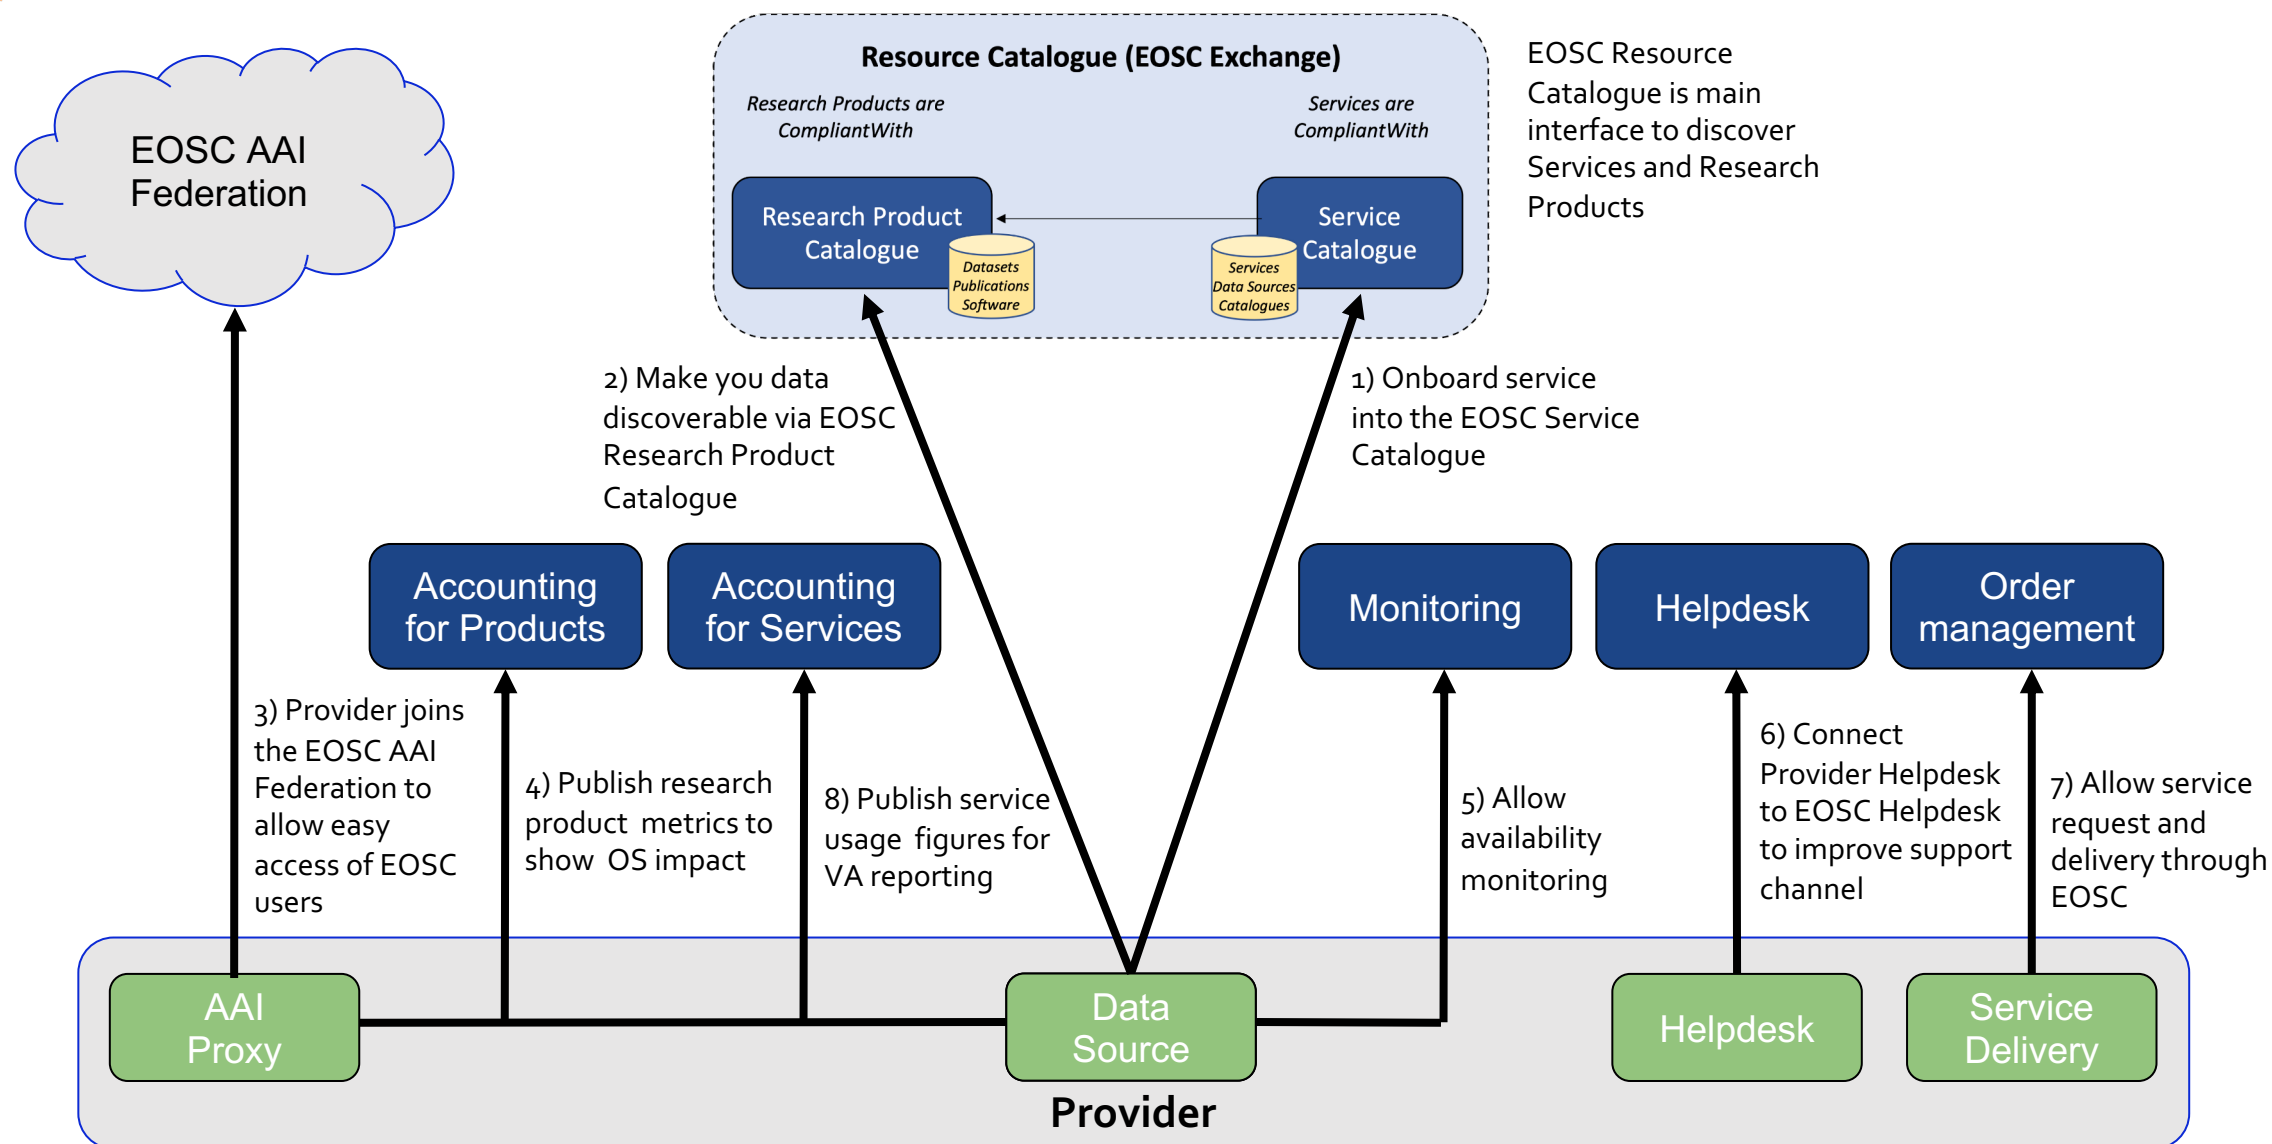

Provided by: **European Research Infrastructure for Language Resources and Technology, Poznan Supercomputing and Networking Center, Consortium of European Social Science Data Archives ERIC, Gesellschaft für wissenschaftliche Datenverarbeitung mbH Göttingen, Austrian Centre for Digital Humanities and Cultural Heritage**

# Integrating Research Services with EOSC Core Services

- Integrating **Research Services** (e.g. [SSHOC Open Marketplace](#)) with **EOSC Core Services** (e.g. [EOSC AAI](#)) is one of the essential building blocks for enabling **interdisciplinary data-driven research** through the EOSC
- A **Service Integration Roadmap** is being developed to facilitate the service integration process
- A series of “**Core Service Factsheets**” are being developed to help **Research Service Providers** to understand the integration options, see: <https://wiki.eoscfuture.eu/display/PUBLIC/EOSC+core+services+integration>
- Curious about Service Integration? **Get in touch!** [info@dariah.eu](mailto:info@dariah.eu)

# EOSC Future Science Projects: enabling data-driven interdisciplinary research

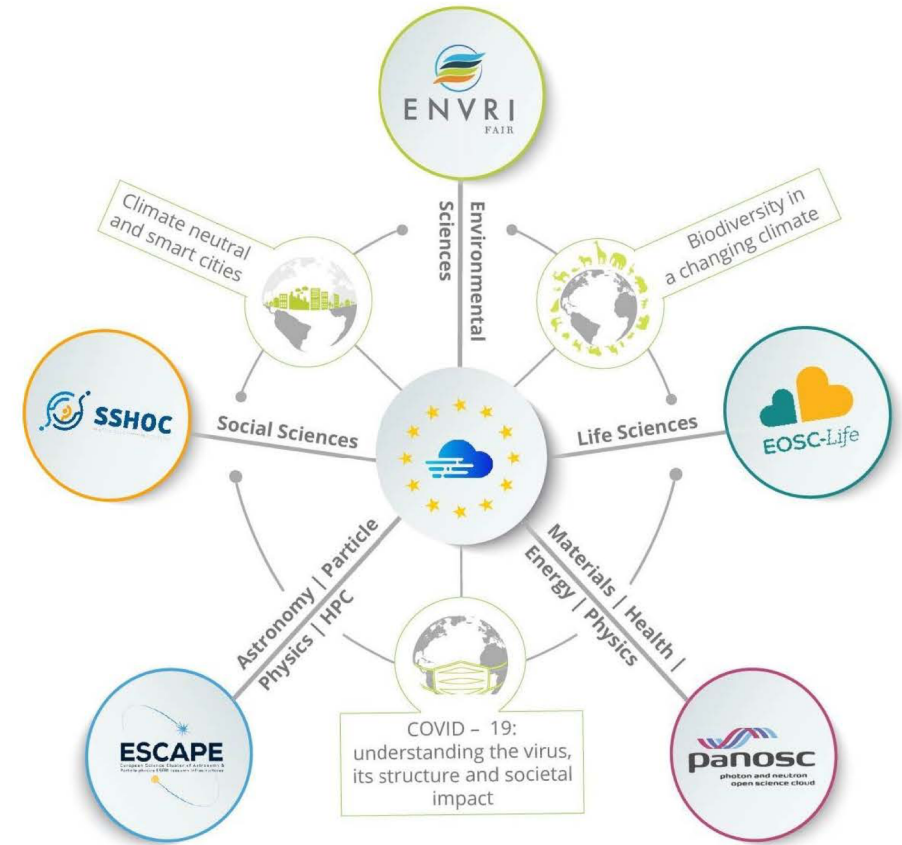

<https://eoscfuture.eu/data-in-action/>

# Voice of Social Sciences and Humanities in EOSC

- Magnified our voice at the highest levels of European policy formation
- Making sure our needs are recognised within the EOSC

# Thanks for your attention!
